JUST TRANSITION MECHANISM

Pillar 2 & 3

Kick-off Event – Just Transition in Megalopoli, Greece

21 April 2023, Filip Chraska, DG REGIO/F1

Just Transition Mechanism

Just Transition Mechanism

to support and finance regions most exposed to transition challenges in all Member States

I. Just Transition Fund

Provides primarily grants
Shared management

II. InvestEU

Dedicated Just

Transition Scheme

Crowds in private investment Indirect management

III. Public sector loan facility with the EIB

Leverages public financing

Direct management

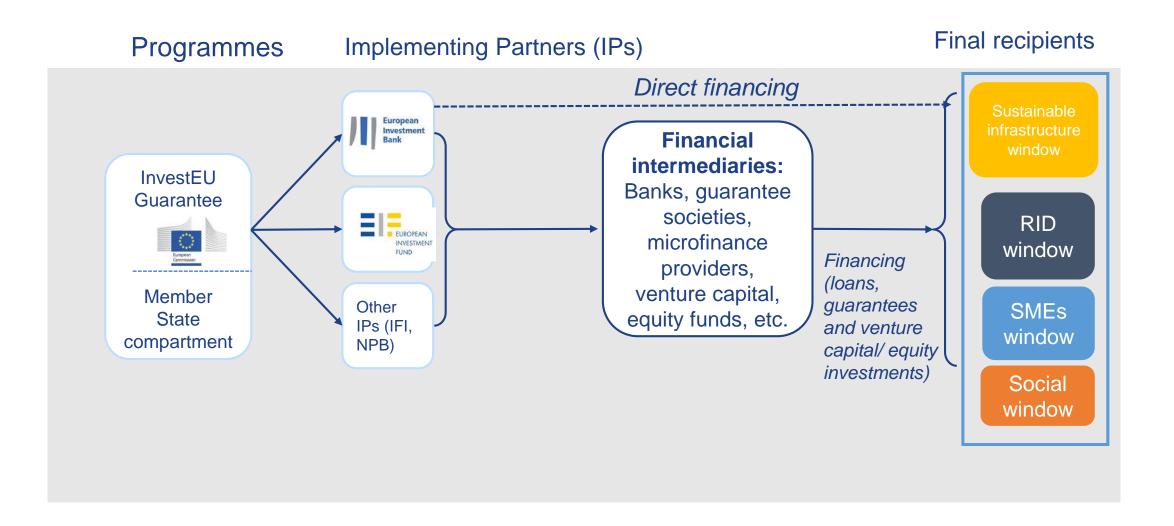

InvestEU Just Transition Scheme

Second pillar of the Just Transition Mechanism

How does the InvestEU programme work?

Pillar II - InvestEU Just Transition Scheme

What:

- A dedicated just transition scheme (InvestEU JTS) will be implemented through InvestEU financial products.
- The use of InvestEU will remain demand driven and will depend on the project pipelines of the different Implementing Partners

Where:

- Projects in territories with an approved territorial just transition plans will be eligible for the InvestEU JTS.
- Projects not located in JT regions can benefit from the scheme if funding of the project is key to the development of JT region
- Funding in sectors and activities as set out in the relevant TJTP.

Implementation

- The InvestEU JTS can be implemented through any of the four InvestEU policy windows
- The Commission will provide a budgetary guarantee to Implementing partners to provide financing directly or indirectly to project promoters
- Incentives may be offered via more advantageous risk sharing arrangements (e.g. increased EU guarantee coverage, lower remuneration of the EU guarantee, lower administrative costs) to Implementing Partners to deploy a JTS scheme. Dedicated advisory support may also be possible.

InvestEU eligibility areas example

- ✓ Development of the energy sector
- ✓ Development of sustainable transport
- Environment and resources
- Climate change actions
- ✓ Finance of R&I
- ✓ Social investment and skills

- Development of digital connectivity infrastructures and deployment and scaling-up of digital technologies and services
- ✓ Other infrastructure (tourism, offshore, defence, space)
- ✓ Finance for SMEs and small mid-cap companies

The TJTP of Megapoli envisages potential Pillar II investments in SME finance and in all key sectors of the transition

Relationship with Pillars I and III

- Support under the three Pillars of JTM cannot be combined, in particular:
 - In line with requirements of the Financial Regulation and the Common Provisions Regulation, combinations at fund level between JTF and JTS is not allowed.
 - Financing under the InvestEU JTS cannot be combined with the public sector loan facility (pillar 3), except for advisory support.
 - Combination at project level is possible, provided that support does not cover the same cost.
- It is not possible for a territory to solely benefit from pillars 2 and 3
 without being supported by the JTF under pillar 1 but the territory can
 still benefit from InvestEU outside the JTS scheme

InvestEU Pillar II example Solar Park in Western Macedonia

- New 230MWp capacity solar farms in Kozani in the Western Macedonia Just Transition region for PPC
- EUR 28.5mn EIB loan is backed by an EU budget guarantee under the InvestEU programme
- Part of an EUR 102.4 overall Project Finance together with Eurobank and National Bank of Greece
- Public Power Corporation PPC is the leading company, for generation and supply of electricity in Greece

How to apply for financing?

- Project promoters should apply directly to implementing partners who will offer tailor-made financing solutions based on the financial products supported by the EU guarantee.
- Link to financing options: https://investeu.europa.eu/what-investeu-programme/investeu-fund/how-get-financing_en
- Check the EIB's website for financing opportunities: https://www.eib.org/en/products/mandates-partnerships/investeu/
- You can also submit your project to the <u>InvestEU Portal</u>

In case of questions please contact

Main features of the public sector loan facility

PSLF is a blending facility

GRANT (total EUR 1.5 bln)	LOAN (total EUR 10 bln)			
DG REGIO	EIB			
 Adopts financing decisions/work programmes 	 Evaluates the applications in respect of the loan 			
 Evaluates proposals in respect of the grant (jointly with CINEA) and chairs the evaluation committee 	 Prepares and manages the financing agreements 			
 Provides policy guidance 	Monitors the loan			
CINEA				
 Organises the call and evaluates proposals in respect of the grant (jointly with DG REGIO) 				
 Adopts the award decision and signs grant agreements 				
 Monitors technical/financial implementation of projects 				
 Manages communication actions (jointly with DG REGIO) 				

Eligible areas identified in the Megalopoli TJTP

Public investments that do not generate a sufficient revenue stream:

- transport energy infrastructure,
- electricity networks,
- green mobility,
- energy efficiency,
- renewable energy resources

Projects enhancing the economic diversification of affected territories by the transition is complementary to the JTF

- new road rail projects
- renovation of existing roads
- infrastructure/water networks
- irrigation

Main features of the public sector loan facility

Beneficiaries

Public sector entities (including private law bodies with a public service mission)

Budget

National shares until end of 2025 EUR 62.97 reserved for Greece 2026: remaining budget available to all EU beneficiaries

000

Financing not linked to costs

The grant is a percentage of the loan - 15% or 25% in less developed regions *Grants cannot be disbursed before the EIB financing agreement is signed

Geographical scope

Projects must benefit a territory identified in an adopted TJTP (even if not located in such territory)

*Consult Inforegio - Just Transition Fund (europa.eu)

Advisory support

EUR 35 million

^{*}Apply for advisory support here: InvestEU Advisory Hub website)

Project budget

Minimum EIB Ioan amount:

EUR 12.5 million

Minimum grant:

- The grant is a percentage of the loan 15%, or 25% in less developed regions
- EUR 1.8, or 3.1 million in less developed regions

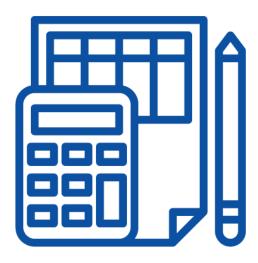

Effective grant rate / investment cost:

5-6% on average

Minimum budget of individual projects:

 EUR 25 million – loan schemes (framework loans) possible for smaller projects

Combination with resources from other EU programmes not possible (Modernisation Fund possible)

How to apply for an EU grant?

Call for proposals

Multi-annual call for proposals was published in 2022 with 3 submission deadlines per year until end 2025

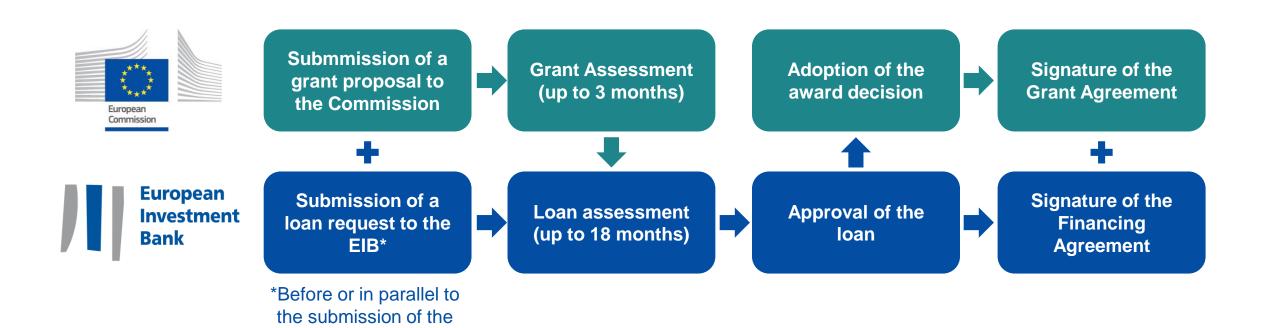

Submission deadlines					
1st cut-off date	2nd cut-off date	3rd cut-off date	4th cut-off date	5th cut-off date	
19 October 2022 17:00 CET (Brussels)	19 January 2023 17:00 CET (Brussels)	19 April 2023 17:00 CET (Brussels)	20 September 2023 17:00 CET (Brussels)	17 January 2024 17:00 CET (Brussels)	
6th cut-off date	7th cut-off date	8th cut-off date	9th cut-off date	10th cut-off date	
17 April 2024 17:00 CET (Brussels)	19 September 2024 17:00 CET (Brussels)	16 January 2025 17:00 CET (Brussels)	15 April 2025 17:00 CET (Brussels)	11 September 2025 17:00 CET (Brussels)	

^{*}The requests for loans can be submitted at any time.

Application process

grant proposal

Grant assessment

submitted before the call deadline. The proposed project should match the themes, priorities and objectives of the call, and contribute to the bodies (or private law bodies with a public mission) The proposed project should match the themes, priorities and objectives of the call, and contribute to the development needs and priorities described in the relevant TJTP. The proposed project should match the themes, priorities and objectives of the call, and contribute to the development needs and priorities the achievement of the achievement of the call the first projects located in the themes, priorities and objectives of the call, and contribute to the development needs and priorities the achievement of the achievement of the call the themes, priorities and objectives of the call, and contribute to the development needs and priorities the achievement of the achievement of the call the achievement of the call	Admissibility and eligibility	Award criteria	Prioritisation criteria
 Projects must benefit a territory covered by a TJTP and not generate sufficient revenues to cover the investment costs. The soundness and readiness of the proposed project as well as the financial capacity of the applicant will be assessed under this criterion. The soundness and readiness of the proposed project as well as the financial capacity of the applicant that have adopted 	 Proposals must be complete and submitted before the call deadline. Applicants must be public law bodies (or private law bodies with a public mission) established in the EU. Projects must benefit a territory covered by a TJTP and not generate sufficient revenues to cover the investment costs. Applicants must secure an EIB 	The proposed project should match the themes, priorities and objectives of the call, and contribute to the development needs and priorities described in the relevant TJTP. 2. Quality The soundness and readiness of the proposed project as well as the financial capacity of the applicant 3.	Projects contributing directly to the achievement of the EU's climate and energy targets and the objective of climate neutrality Projects promoted by applicants

Successful applicants will be invited for the preparation of the Grant Agreement.

^{*}For more details, please read carefully the <u>Call Document</u> or watch the recording of our <u>first Info Day</u> held on 14/09/2022.

Way forward

- ✓ Make use of the advisory services provided by the InvestEU Advisory Hub
 - → Free of charge
 - → All stages of the project cycle
- ✓ Liaise with the EIB as soon as possible
- ✓ Consider the three possible EIB products (individual, framework, intermediated loans)
- ✓ EC and CINEA cannot be consulted on individual projects
